FLAG Paints Ltd are proud to introduce Aqualac, a single pack water based coating for use on all new and old wood floors and furniture.

AQUALAC (Matt, Semi Gloss or Gloss Finish)

For use on domestic and light traffic floors. A durable acrylic water-based clear coating. Easy to apply, quick drying, creating a beautiful non-yellowing finish. This product is ring resistant, which means it can tolerate hot cups. Also resistant to alcohol spills.

AQUALAC PU (Gloss Finish Only)

The ultimate heavy-duty water based floor lacquer. Quick drying, non-toxic, low odour non-yellowing easy to apply, giving a very durable scuff resistant finish. Ideal for high quality furniture, dance floors, sports halls and very heavy foot traffic areas. This product is ring resistant, which means it can tolerate hot cups. Also resistant to alcohol spills.

AQUALAC JOINT FILLER Quick drying joint filler for use prior to applying Aqualac floor finish. After sanding, sawdust can be mixed the joint filler to fill larger joints and general imperfections to give a natural finish.

AQUAPOLISH A water based wax for use as a reviver for wood floors which have been coated with Aqualac water based lacquer. Easy to use, apply and polish using soft clothes or professional mops. Provides a Semi Gloss finish.

Other products in the Flag Range:
