

# PRODUCT INFORMATION

## Aqualac Water-based Lacquer

**FLAG Paints Ltd** are proud to introduce Aqualac, single pack acrylic and polyurethane water-based coatings for use on all new and old wood floors and furniture.

**All Aqualac products are very competitively priced**

### **AQUALAC 5 litre**

#### **Matt Semi-matt Gloss**

For use on domestic and light traffic floors. A durable acrylic water-based clear coating. Easy to apply, quick drying, creating a beautiful non-yellowing finish. This product is ring resistant, which means it can tolerate hot cups. Also resistant to alcohol spills.

### **AQUALAC HD 5 litre**

#### **Semi Gloss**

For use in heavy traffic areas, especially dance floors, bars and sports halls. Available in Semi-Gloss finish only. A harder wearing version of Aqualac, especially formulated for high traffic areas. Contains a blend of acrylic and polyurethane resins.

### **AQUALAC PU 5 litre**

#### **Semi Gloss**

**The ultimate heavy-duty water based floor lacquer.** Quick drying, non-toxic, low odour non-yellowing easy to apply, giving a durable scuff resistant finish. Ideal for high quality furniture, dance floors, sports halls and very heavy foot traffic areas.

### **AQUALAC JOINT FILLER 2.5 litre**

#### **Clear**

Quick drying joint filler for use prior to applying Aqualac floor finish. After sanding, sawdust can be mixed with joint filler to fill larger joints and general imperfections to give a natural finish.

### **AQUAPOLISH 5 litre**

#### **Semi Gloss**

A water based wax for use as a reviver for wood floors which have been coated with Aqualac water based lacquer. Easy to use, apply and polish using soft clothes or professional mops. Provides a Semi Gloss finish.

### **Other products in the FLAG Range:**

- French Polishes
- Anti-Mould Products
- Water & Spirit Stains
- Wood Finishing Sundries
- Roofing Repair Compound
- Traditional Waxes & Polishes
- Specialist Coatings & Finishes
- Solvent-based Floor Lacquers

**SAFETY:** Handle with care. Before and during use, observe all safety labels on packaging and paint containers, consult Material Safety Data Sheets and follow all local or national safety regulations.
